GETTING HERE

BY SUBWAY / TRAIN

The nearest travel link is Partick Interchange - while you're there, on Merkland Court you'll see three gable-end murals which were created in 2022 as part of the Yardworks GRID Programme.

From there it's a 10 minute walk to SWG3 along the Expressway. This route also passes the painted railway arches at SWG3, which are regularly painted by local graffiti artists throughout the year.

GETTING HERE

BY BIKE

There are cycle racks and Nextbike stands on Kelvinhaugh Street. As the festival site gets very busy, we can't allow bikes in, so please park up before coming in.

BY CAR

As the streets around the festival site will be busy, we highly recommend using public transport where possible. If you are driving, the nearest car park is at Riverside Museum, and from there it's a 10 minute walk along the Expressway.

COLLECTING YOUR TICKETS

Our Box Office is located on Eastvale Place next to the new Yardworks Studio. When you arrive, if you need to **buy tickets** or **pick up guest tickets**, please go to the Box Office. Tickets can also be bought online throughout the festival.

FAMILIES

As always, we've planned tons of creative activities for children of all ages - scroll on for a full timetable. A couple of these sessions require a separate ticket. If you haven't booked in advance, there may still be spaces available, so we recommend turning up and asking. All other activities are all included within your Yardworks ticket.

ACCESSIBILITY

The site is wheelchair accessible, with accessible toilets in the Yardworks Studio and Acid Bar, and a lift to the Warehouse and Terrace. The Galvanisers Yard is an outdoors space, so please note that some of the ground may be uneven. If you need assistance at any point, please speak to a member of staff.

DONATIONS

Please note that Yardworks Festival is a charity organisation (Clydeside Initiative For Arts), and any money added to the donation boxes across the site will go towards future art projects with artists, the development of creative programmes for local people, and the future of Yardworks Festival.

BEING COOL

It's extremely important to the Yardworks Team that all of our visitors feel safe and looked after. Whether you're here to have fun, to paint, or to work – if you need assistance or help at any point, please speak to a member of staff.

YARDWORKS FESTIVAL 2023

YARDWORKS STUDIO

SCOTLAND'S FIRST CUSTOM-BUILT GRAFFITI AND URBAN ART STUDIO

We're really excited to launch the Yardworks Studio at this year's festival. The custom-built venue, kitted out with everything artists need from a 6 metre high wall, specialist equipment and flexible working spaces, will provide space for hundreds of artists to create, experiment and hone their craft. It's also a home for our extensive community and creative learning work, whether it's holding workshops and sessions or just somewhere for people to drop in.

The studio sits at the heart of the new street art district being developed through our Yardworks x GRID programme, connecting Partick, Yorkhill and Govan with an incredible open-air gallery of murals that will bring colour and inspiration to people every day, free of charge.
